Fill the Gaps – Editorial Comment, News and Views

Dear Collector,

Welcome to FTG 42. I write this editorial with the snow falling heavily outside and I am reminded how 'changeable' the British weather is. We have seen 10-to-12-degree shifts in temperature from one day to the next over the festive period, and it has been difficult to plan or do anything outdoors. Thankfully, I have many philatelic tasks to do and that, to my mind, is the best way to help you ignore the weather and all the other distractions we face.

One of my philatelic tasks was to complete this catalogue. As we enter the start of the New Year I have decided to have a much larger Bargain Bin section than usual. I have included a lot of material at half their previous reserve in this section, as well as adding new material, and hope there will be something for everyone.

The postal service been poor in our area of late. In the five-week period from early December we have seen the postman about six or seven times, We can go days with no post and then receive 30+ letters at a time. At least the mail is eventually getting through, but it does make life a little difficult when your business depends on the service. From discussions I have had with many customers it seems that this level of service is common throughout the country.

The usual reminders for you.

- Please use the auctionsbill@btinternet.com email address. We still receive bids and questions sent to the old email, and there is a risk these may be lost.
- **Please bid as early as you can.** Bids via email or over the phone are accepted. We always receive late postal bids, and we still receive bids with no name/address on the form.

And finally, a dramatic change in the footballing fortunes of QPR. They have actually won a few games and are at the giddy heights of top of the bottom third of the table!

As always if you have any questions or comments, feel free to call, write or email.

Best Regards

Bil Tilbury
